AUSTRO-GERMAN FORCES CROSS THE TAGLIAMENTO

Italy's Situation Appears Increasingly Grave.

Cadorna Still Holds Stubbornly to West Bank of River.

Berlin Characterizes Movement as One in Great Force.

More Prisoners and Guns Are Taken by Invaders.

By Associated Press Dispatch.
Italy's situation appears increasingly grave today with the announcement from Rome that the Tagliamento river west of which General Cadorna has established his new line after the great retreat from the Isonzo had been crossed by the Austro-German invaders.

The crossing of the river apparently has not yet been in sufficient force to compel a retreat by Cadorna, but the Teutonic commander undoubtedly will make the most of the opening he has forced north and south of the point where he has gained a footing on the west bank.

That this process is already under way is indicated by the fact that Rome tells of increasing Austro-German pressure against the Italian left wing where the crossing was made.

If General Cadorna decides to abandon this line his next natural stand for the defense of Venice will be at the Livenza, from 10 to 15 miles further west or finally at the Piave, some 10 miles further in that direction.

Berlin's account of the Tagliamento crossing gives the movement the appearance of an operation of great force which has already been successful.

More than 6000 were taken prisoner and several guns were captured, declares the official statement. The enemy divisions which affected the passage are advancing westward.

Meanwhile as the opposing armies are struggling for the temporary mastery of the field, the Entente leaders including the British and French premiers, and military advisers are in council in Rome to deal with the situation, which is recognized as grave.

CONFLICTING REPORTS ON NAVAL CLASH

London Insists 11 German Ships Were Sunk, Including Cruiser.

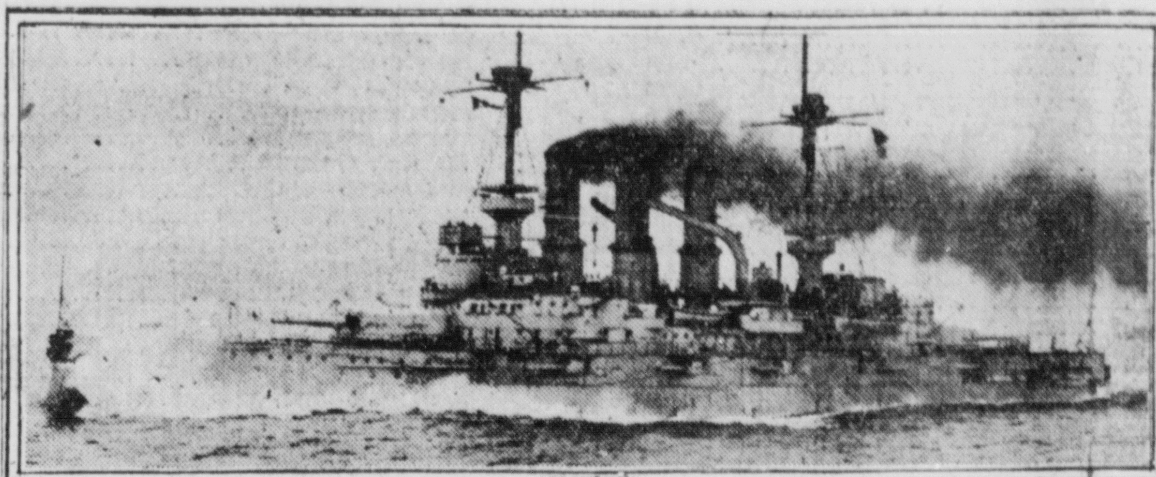

Berlin Acknowledges Loss of One Small Boat.

Sailors Allowed to Return to Berlin.

(By Associated Press Cable)
London, November 5.—According to the Copenhagen correspondent of the Times, German sailors from the auxiliary cruiser Marie which is apparently identical with the steamer Crockodile, will not be interned, being regarded as shipwrecked.

Nine of them have already gone to Berlin.
The British Admiralty on Saturday announced the sinking of 11 German ships, including an auxiliary cruiser by British naval forces in the Cattegat. Copenhagen dispatches the same day reported the cruiser Marie had been destroyed in the naval action and several German patrol boats including the Crockodile were also sunk.

GERMAN BATTLESHIP ON WHICH THE LATEST MUTINY HAS TAKEN PLACE

THE SCHLESWIG-HOLSTEIN.

One admiral and his aide were thrown into the sea by mutinous sailors when an uprising took place on German warships at Kiel, according to dispatches from Amsterdam via London; Admiral Schmidt and his aide Lieutenant Paul, were thrown overboard from the battleship Kronprinz. Similar scenes took place on board the battleship Schleswig-Holstein. Admiral Schmidt was rescued. Lieutenant Paul was stabbed before being thrown over board, objection to being drafted for submarine service is said to have been the reason for the uprising. All of the mutineers were subsequently arrested.

BELIEVE AMERICAN TROOPS WERE TRAPPED IN THEIR "DUG OUTS"

General Pershing's Report Is a Brief One.

Presume that American Trench Raided Was an Advance Post.

Believed Men Killed Were Sentries on Duty.

By Associated Press Dispatch.
Washington, November 5.—American troops captured by the Germans in the trench raid November 3 probably were trapped in their dugouts and forced to surrender or be blown to pieces with hand grenades.

This is the only explanation which occurs to army officers today who are still lacking details.

General Pershing's brief report merely stated that the German artillery had dropped a heavy barrage fire around a sector of the trench, cutting the men off from help. No explanation of the eight casualties and 12 men taken prisoners were received. The fact that one wounded German was captured indicated that the trench had been reoccupied by the American forces.

Whether the men killed and wounded received their injuries in hand to hand fighting, or were struck down by shrapnel is not known. A single shell scoring a direct hit in the trench might have caused all the casualties.

Presumably the American trench raided was an advance post. With only 20 men in it, it could not have had a front of more than 50 or 60 feet. Possibly it was the head of a sap driven out into "no man's land" at right angles with the general trench lines to be used as an observation post.

With 20 men on a small front provision undoubtedly would be made for relief of sentries posted on the fire step of the trench and watching for an attack. Under shell fire the remainder would seek shelter. It appears possible the three men killed and five wounded may have been these sentries.
Overwhelmed by the rush of the

German raiders in the dark, and that the other 12 were in their shelters to be hailed by an unseen enemy and told to come out or bombs would be hurled in among them, there would be no choice for them but to surrender. A majority of the Germans captured by the British and French in trench raids are taken in this way.

PEACE OFFER MAY RESULT FROM MEET

Visit of Count Czernin Believed Significant.

(By Associated Press Cable)
Copenhagen, Nov. 5.—It is generally believed in diplomatic circles here that the visit to Berlin today of Count Czernin, the Austro-Hungarian foreign minister, may be a preliminary to a new peace offer by the Central Powers.

ALL SEGREGATION ORDINANCES VOID

By Associated Press Dispatch.
Washington, November 5.—Louisville's negro segregation ordinance was today declared unconstitutional by the Supreme Court.

Similar ordinances in Baltimore, Richmond, St. Louis and other cities are affected.
BERLIN'S VIEWS
(Associated Press Cable)
Copenhagen, November 5.—It is officially announced in Berlin that a small auxiliary cruiser has been sunk by destroyers, but no other warships are missing.

CROSS OF LEGION CONFERRED ON WOMAN

MRS. EDMUND L. BAYLIES.
The French Government has conferred the Legion of Honor on Mrs. Edmund L. Baylies, of New York, in recognition of her relief work for France.

Both Mrs. Baylies and her husband who is a member of the firm of Carter, Ledyard & Hastings, attorneys, have been actively interested in war work. Mrs. Baylies has specially interested her self in training in suitable trades the maimed soldiers of

LOYD GEORGE CONFERS WITH GEN. PERSHING

(Associated Press Cable)
Paris, November 5.—Before leaving Paris for Rome Lloyd George had a long interview with General Pershing. The American commander came especially from the army headquarters to meet him.
Field Marshal Haig, the British commander, also was present at the conference.

AIDING RUMANIA IS BIG OBJECTIVE

By Associated Press Dispatch.
Washington, November 5.—Coincident with the news that a conference now in session in London is considering the Rumanian situation received here today, it became known that the United States has advanced \$3,000,000 to Rumania through Russia.

OHIO CAMPAIGN ENDS LEADERS CONFIDENT WHITE CLAIMS VICTORY

Gibson, Manager of Wet Interest, Claims Ohio Wet by 200,000.

Miss Upton Believes Suffrage Will Win Out.

Harding, State Senator, Sees Overwhelming Defeat for Suffrage.

By Associated Press Dispatch.
Columbus, O., November 5.—One of the most strenuous campaigns in the history of Ohio came to a close today and tomorrow voters will go to the polls to determine whether Ohio shall have prohibition and whether women shall be permitted to vote for presidential electors.

These issues will be the only ones to be voted on tomorrow. Other elections will be limited to municipal and township issues.

Wet and dry and suffragists and anti-suffragists today claimed victory in pre-election statements.

L. H. Gibson, manager of the Ohio Home Rule Association stood by his claim that Ohio will go wet by 200,000.

J. A. White, campaign manager for the Ohio Dry Federation, continued to claim victory for the drys by 50,000.

Mrs. Harriett Taylor Upton, president of the Ohio Woman's Suffrage Association asserted she is convinced a majority of Ohioans are for equal suffrage and that suffrage will win if friends go to the polls.

State Senator Harding, campaign manager for the anti, declared the suffrage referendum would be defeated 125,000 to 175,000 votes.

Both prohibition and suffrage have been voted upon twice before in Ohio. In 1914 the wetts carried the state by 48,000 and in 1915 by 55,000.

In 1912 suffrage was defeated by 87,000 and in 1914 by 142,000.

PROVIDING FOR POLISH FREE STATE

Constitution Now Under Consideration in Berlin.

(By Associated Press Cable)
Berlin, November 4.—via London, November 5.—The constitution of the new Polish state is a document containing nine paragraphs and 151 articles. Professor Cybichowski of Warsaw, who was commissioned to make the draft which was approved by a former state council, states that the charter contains the following provision:
Poland to be an independent constitutional state.
It is ordered that the ruling house

shall be of the Roman Catholic faith.

Catholicism is prescribed as being the official religion to be recognized in state functions. Beyond that full freedom of religious belief is granted.

It is to be a hereditary monarchy, the diet to elect the ruler and control the dynasty's affairs and successions.

If the king marries without consent of the diet, he forfeits his crown. This proviso is intended to preclude the possibility of a feminine member of an unfriendly power obtaining the throne.

RAILROADS ASK INCREASE IN ALL RATES

President of Pennsylvania Reviews Existing Conditions. No Time for Panic, But All Must Realize Strain.

By Associated Press Dispatch.
Washington, November 5.—The re-opening of the 15 per cent rate advance case before the Inter-State Commerce Commission today was marked by claims of counsel that transportation facilities and financial stability are menaced by the prevailing rates.

"We cannot afford to make mistakes," declared Samuel Rea, counsel for the president of the Pennsylvania in opening the case.

"This is not a time for panic nor for disregarding the fact of increasing the expenses, of diminishing operative income, of deferred maintenance, of loss of facilities and inability to provide future wants.

"War time conditions with a resultant increase of labor and material demand an advance over the present rate be granted."

Mr. Rea gave as the annual consumption of coal of the Pennsylvania System as 18,335,489 tons and stated the average cost per ton from April 30 to September 30 had been \$2.40 or \$1.40 more per ton than last year.

In addition to the wage advances granted train men under the Adamson law he pointed out, the increased cost of labor has swollen the pay rolls of the Pennsylvania \$13,900,000 a year exclusive of increases given the trainmen.

"If the transportation machines of the country break down through inability to secure sufficient labor by reason of inadequate wage rate it will have a direct bearing on the conduct of the war," declared Mr. Rea.

WILLIAMS PREDICTS

By Associated Press Dispatch.
Washington, November 5.—John Skelton Williams, Comptroller of the Currency in a formal statement today declared the Railroad rates are insufficient to maintain the credits of the railroads and predicted the Inter-State Commerce Commission will grant the increases asked.

ALL STAR FOOTBALL TEAM IS ORGANIZED

LIEUT. CLARK.

An all star eleven has been organized among the enlisted men in the United States Ambulance Training Camp at Allentown, Pa. Most of the players starred on college varsity teams last year. Games have been arranged with other army training camps, and the team will probably participate in some of the informal contests being played by the big college elevens.

Lieutenant Clark is the coach. Clark's football experience includes several years of coaching and four years of playing on the University of Oregon eleven. He was picked as All-Western halfback for three consecutive years.

WILL ORDER STRIKERS TO GO TO WORK

By Associated Press Dispatch.
Pittsburg, Kansas, November 5.—Alexander Howatt, district president of the Kansas miners will order the striking miners back to work this afternoon, according to a telegram received from him today.

Seventy mines were idle today as a protest against automatic strike fines.

THE BOSTON ROADS ASK INCREASE, TOO

Other Railroads in New England Are Following the Lead.

By Associated Press Dispatch.
Washington, November 5.—Increases of a quarter of a cent a mile and mile age rates and increase in class freight rate ranging from 10 per cent to 30 per cent were asked in applications filed with the Inter-State Commerce Commission by the railroads entering Boston.

Other roads in New England also are filing applications for similar increases.

ANOTHER RETAIL COAL OFFICE TO BE OPENED SOON

Fayette Coal Company is Incorporated Today and Will Conduct General Retail Coal Business—\$5000 in Stock is Being Subscribed Rapidly.

Attorney R. R. Maddox went to Columbus Monday morning for the purpose of obtaining incorporation papers for The Fayette Coal Company, with a capitalization of \$5,000, a large portion of which has been subscribed and the remainder of which will be subscribed within the next few days, it is believed.

The new company will open offices, lease yards and do a general retail coal business, and with this end in view now has an agent in the coal fields of southern Ohio for the purpose of buying first hand coal in as large quantities as possible.

The incorporators are O. S. Nelson, Estel Smith, G. W. Inskeep, S. F. Snider, R. W. Hutson, Ray Maddox and George Sunkel.

No person is allowed to purchase more than five shares of stock at \$10 per share, and while the company was only launched Saturday, nearly one half of the stock was subscribed up to Monday morning, and the demand was heavy.

Tonight a meeting will be held for the purpose of effecting a working organization, and all of the stockholders are expected to attend. Those behind the organization hope to have the first coal in the yards within a few days.

COAL SHORTAGE TIES UP HULLING

Several thousand acres of clover in this county remain to be hulled as result of the coal shortage which has prevented the operation of the steam engines used in furnishing power for the hullers.

The clover this season is producing exceptionally well in most localities, but unless the clover can be taken care of at once, there is grave danger of the seed being ruined.

DISTRICT MEETING OF REBEKAHS HERE

On Wednesday of this week the District Special Session and School of Instruction of the Rebekahs will be held at the I. O. O. F. hall in this city.

The meeting will open Wednesday afternoon. Supper will be served at five o'clock, and the evening session will be held beginning soon after the supper hour. Members may obtain tickets for the supper at Parrott's grocery, Duffee's grocery and Larimer's Laundry.

W. F. M. SOCIETY

The Woman's Foreign Missionary Society's regular meeting will be held on Wednesday, November 7th at 2:30 p. m. at the home of Mrs. Eli Craig; leader, Mrs. Wm. McClain, assisting hostesses; Mrs. W. E. Ireland, Mrs. Scott Hopkins, Miss Corda McCafferty. A report from District Convention will be given. All members are urged to be present. This is "Dues Day."

GREENFIELD AGAIN HANDED WALLOP BY WASHINGTON HI

For the second time this season Greenfield went down to defeat before the attack of Coach Pyley's squad, Saturday afternoon, when the two teams came together on the Greenfield gridiron in the presence of a good crowd which rooted wildly for Greenfield, all to no avail. The score was 13 to 0.

Not a point made in the first half, the ball being first in the hands of W. H. S., and then in the hands of the enemy. Greenfield was forced to punt twice in the first half. W. Willis recovered one, making a 30 yard run before being downed.

In the second half Greenfield kicked. Washington being downed on the 60 yard line. Captain Lewis made a 20 yard run off a forward pass. J. Burnett succeeded in pushing the ball across the goal line in the third quarter. W. Willis made the final points in the game by an end run in which the ball was pushed over the line for the second time.

Washington had no difficulty in breaking up Greenfield's forward passes, Edwards intercepting one of these forward passes and making a 20 yard gain.

The lineups:
Washington
Lewis (c) L. E. Isoman
Markley L. T. Irvin
H. Burnett L. G. Ervin
Weaver C. Yowell
Haynes R. G. Strider
Reno N. T. Clark
Rogers R. E. Whittaker
W. Willis Q
J. Burnett L. H. Wolfe
W. Willis F. Heaton
Edwards R. H. Daugherty
Goals kicked—R. Willis, 1; Touchdowns, J. Burnett, R. Willis.
Referee—Richmond of O. S. U.
Headlinesman, Parker, Timekeeper, Hays, O. S. U.

Some 75 Washington rooters accompanied the team to Greenfield.

Washington will play Circleville here next Saturday, and while another victory is anticipated, the team will do some hard practice this week to

make the defeat of the visitors as decisive as possible. Circleville has been defeated once by the local team this season.

THREE ILLUSTRATED LECTURES ARE GIVEN

Z. E. Irvin and J. L. Miller, the former as lecturer and the latter as cartoonist illustrating the lecture, held three meetings Sunday, one in the forenoon at the Christian church, one in the afternoon at Wesley Chapel, and the third at the Christian church in the evening.

The work of Mr. Irvin and Mr. Miller made a deep impression upon their auditors. The lecture and cartoon work were directed against the liquor traffic.

Tonight they will appear at the Christian Union Church, on Gregg street, at 7:30 o'clock.

FAYETTE VETERANS SIGNALLY HONORED FOR THEIR BRAVERY

Of 24 Ohio men who have been placed on the nation's medal of honor roll for having "in action involving actual conflict with an enemy distinguished themselves conspicuously by gallantry or intrepidity at the risk of life above and beyond the call of duty."

The two men are Isaac Carman, of Selden, and Henry Casey, of Bloomington.

The nature of the honor may be better judged when it is known that so far only 359 names of such veterans have been selected from all parts of the United States for the roll of honor.

In addition to the honor conferred, membership on the roll carries a special pension of \$10 per month.

It is significant of the bravery of the Fayette county veterans that two of the awards should come to Fayette county and only 22 be awarded to remainder of the state.

REBEKAH MEETING

Call meeting of Imperial Rebekah Lodge at I. O. O. F. Hall Tuesday evening at 8 o'clock for balloting on applications and other business. Also all member of the team must be present for final drill.

A. J. SEXTON KILLED BY AUTOMOBILE

Prominent Farmer of Near South Solon Meets Tragic Death Three Miles North of Bloomingburg, While Endeavoring to Make Turn at Rapid Speed.

Another automobile tragedy was added to the long list in Fayette county, Sunday evening, when Mr. A. J. Sexton, prominent and highly respected farmer residing on the William Thornton farm near South Solon, met almost instant death on the Bloomingburg and Midway pike while endeavoring to turn into the State road three miles north-west of Bloomingburg while going at a rapid rate of speed.

In endeavoring to make the turn his Buick Six skidded on the brick paving at that point, and turning over two or three times, landed in a cornfield with the driver's head pinned under the running board, crushing the skull.

Mr. Sexton, who formerly resided in this county near Washington, had been visiting relatives near New Holland and was on his way home after a brief stop with his mother, Mrs. Harriet Sexton, aged 85, and his sister, Mrs. John N. Jones, and family, in Bloomingburg. His son, Mr. Carey Sexton and family, had been visiting Mr. and Mrs. Jones, and had started to their home near South Solon.

Mr. Sexton overtook his son and family in their automobile, and passed shortly before reaching the turn. It is stated that he glanced back and waved at his son, and evidently did not believe he was so near the turn onto the State road, because his machine was moving rapidly. He was alone in the auto, and in endeavoring to make the turn quickly the tragedy took place in a twinkling, and the unfortunate man was breathing his last when his son

reached him. He was 55 years of age.

The Klever ambulance of this city was summoned and took charge of the body, later removing it to his late home near South Solon. The car, while badly damaged, can be easily repaired.

The deceased leaves four sisters, Mrs. W. S. Speakman, of near New Holland; Mrs. Lucy Thurston, Meringo, Ohio; Mrs. William Bruce and Mrs. John N. Jones, of Bloomingburg; one brother, Mr. Wm. Sexton, of near Manara. The deceased also leaves six children; Mrs. Ada Hick, Michigan; Frank, Carey, Ralph and Esther, near South Solon, and Roy, of Dayton.

Funeral services will be held Wednesday morning.

OFFICE ROBBED OF LARGE SUM

The office of G. D. Baker in the Sherman block on Court street was visited by a burglar sometime Saturday, and the sum of \$200 removed from the office safe.

To reach the money it was necessary to force the strong box of the safe and this was done.

The money removed was chiefly in currency, and represented receipts from coal sold the previous day.

The outer door of the safe is supposed to have been left open.

The discovery of the robbery was not made until Saturday afternoon, and it is not known whether the burglary occurred Friday night or Saturday noon.

WOMAN IS KILLED; M. R. DENVER ALSO SERIOUSLY INJURED

Xenia, O., November 5.—Mrs. Robert Flack, mother-in-law of former Congressman Mathew R. Denver, of Wilmington, Ohio, was fatally injured when an auto in which a party of five persons were riding skidded when passing another car on the Dayton pike, near here last night and overturned.

Mrs. Flack died in a hospital here an hour after the accident. Mr. Denver sustained a broken arm. The other occupants of the machine escaped serious injury.

Mr. Denver served two terms in Congress from the old Sixth District and is a wealthy banker.

Others in the machine were Mrs. Mr. R. Denver, wife of former congressman, his daughter, Miss Virginia, Lt. Daniel Morran, of Hillsboro and Lt. Martin Mowery, who was driving, of Camp Sherman. They were badly bruised.

FUEL PROSPECTS BECOME BRIGHTER

Two or three car loads of coal were in the yards of local dealers Monday morning, and a dozen additional cars were expected this week. The Washington Gas and Electric Company received two or three additional cars which will insure the plant operating most of this week.

With prospects of several days of warm weather, the outlook could be much worse.

WILL HOLD DRY BANQUET TONIGHT

The Fayette County Dry leaders banquet will be held at the Y. M. C. A. this evening at six o'clock, and invitations have been set out to between 150 and 200 persons who are expected to attend.

A number of local speakers will discuss various problems relative to the final day's work in the campaign.

GOVERNOR HOLCOMB WILL REPRIEVE MRS. GILLIG

Governor Holcomb, of Connecticut, according to dispatches from Hartford, will reprieve Mrs. Amy E. Archer Gilligan, under sentence to be hanged on Nov. 6. Mrs. Gilligan was convicted of having killed by poisoning an inmate of her old people's home near Hartford. She was also suspected of having poisoned many others, including her own husband. The woman's attorneys have taken an appeal from the conviction, but cannot perfect it for a week or so.

make to the government in doing the "day's work" well, they also band together by divisions in the evening and manufacture for the Red Cross—make trench candles and so forth. The officers' wives from Camp Sherman are taking a keen interest in the organization and are helping equip club rooms for the girls. Classes will be formed for the purpose of instruction in Red Cross work.

An "open" house is to be conducted each Sunday afternoon, where opportunity for social expression and the entertainment of men on leave is contemplated and things to eat will not be forgotten. High school girls, clerks and business women are joining and nightly schedules of activities are going forward.

With its hundreds of visitors and thousands of soldiers, Chillicothe has a police problem that is no small one these days, but the city council took steps to remedy the situation the other night. Each member was sworn in as an officer. Mayor Cahill was author of the move, suggesting it after several of the city fathers had told him of having opportunities of regulating traffic and other matters but being prevented from doing so because they lacked the authority. By unanimous vote, the councilmen decided to have special police badged for their own use.

"DO YOUR BIT" TOMORROW

Tomorrow is election day. True, there are no fat offices to be filled and, it may be for that reason, that there is a lack of interest on the part of those who make it a business to "whoop things up" election times.

Especially is the apathy noticeable in rural districts and in the smaller municipalities of the state.

These conditions, however, should not deceive the voters into believing that there is not very much of importance to be settled by the balloting tomorrow.

In fact, the election tomorrow is one in which the people themselves, as distinguished from the office-seekers and officeholders, are particularly interested. Big vital questions have been put in issue and must be settled by the voters tomorrow—matters which concern the people themselves directly.

Every man should vote. It is every man's duty as well as his privilege to vote.

Men who don't vote tomorrow on state-wide prohibition, on suffrage for women, are failing to discharge a great and a grave duty they owe to their nation, to themselves and to posterity.

These are times when no man should attempt to dodge these great issues and times when patriotic men can't afford to neglect to discharge them.

In the city the submission of the Charter is the big issue to be settled.

Others are of secondary importance. "Do your bit" for humanity. Vote tomorrow.

Two Beautiful Days

Saturday and Sunday were two of those beautiful October days which sometimes get misplaced in the calendar and don't arrive until along in November.

After the unusually early and prolonged spell of "squaw winter" many folks grew discouraged and concluded that Indian Summer was lost somewhere in transit and we had passed directly from summer into real winter but nature had one more big happy surprise for us.

The football enthusiasts had one more ideal day for the contests on the gridiron and the folks back home another beautiful Sunday to motor to the cantonment camps for a visit with the boys.

Thousands of loving mothers and sisters, wives and sweet-hearts looked appealing at the lop-sided old moon as it rose up out of the east Saturday evening and scanned the heavens anxiously for promise or threat for Sunday's weather.

The clear sky and the frosty air of Saturday night gave only hope and encouragement—the promise of at least one more ideal Sunday. It needed only the first glance, in the early hours of Sunday morning into the east to bring realization to hopes. An early breakfast in thousands of homes, the preparation of a lunch and automobiles by the hundreds were streaming past "given points" on the way to Chillicothe for another day with the boys.

The weather was cold but the roads were good. Indian Summer with all its glories had come.

Germany Still Powerful

The fact that on Saturday the British fleet sunk one German cruiser and ten armed trawlers and that a new type, electrically controlled, high speed boat made its appearance as a part of the German attack in the Baltic, seems to warrant the belief that the Germans are growing discontented with the slow squeezing processes of war which the British and French have adopted on land and sea.

The dash against unresisting Russia, the tremendous offensive against General Cadorna and latter on the activity in the Baltic Sea, while in a measure discouraging to those who have been deceiving themselves by believing that Germany was already hopelessly beaten, are in reality, developments which should have been expected by people generally and, perhaps, were expected by the experts in control of army and navy movements.

While Germany and Austria and Turkey are, so far as an aggressive warfare is concerned, mastered by the allies and while the allies have adopted the policy of wearing down the stubborn defensive warfare which Germany and her allies have been forced to adopt, yet, the world must not expect that the defense warfare of the Germans will be wholly without its occasional flashes of dangerous offensive.

Germany is still powerful on land and sea—not powerful enough to win the war by an aggressive offensive but abundantly able to hold to her defensive lines with a terrible punch for any forces who come too close.

The tremendous superiority in resources of the allies is telling, telling terribly on Germany's power but that superiority must be conserved and wielded most effectively or the central powers may yet rally with a sweeping offensive possibly turning the tide so markedly as to compel the adoption of defensive warfare by the allies.

We must be mindful that every ounce of power the allies can master is going to be required to overcome the German defensive.

Poetry For Today

OLD IRONSIDES
Ay, tear her tattered ensign down!
Long has it waved on high,
And many an eye has danced to see
That banner in the sky;
Beneath it rung the battle shout,
And burst the cannon's roar—
The meteor of the ocean air
Shall sweep the clouds no more.

Her deck once red with heroes' blood
Where knelt the vanquished foe,
When winds were hurrying o'er the
flood,
And waves were white below,
No more shall feel the victor's tread,
Or know the conquered knee;
The harpies of the shore shall pluck
The eagle of the sea!

O, better that her shattered bulk
Should sink beneath the wave;
Her thunders shook the mighty deep,
And there should be her grave;
Nail to the mast her holy flag,
Set every threadbare sail,
And give her to the god of storms,
The lightning and the gale!
—Oliver Wendell Holmes.

THE GIFT OF GAB

Can you express your thoughts in plain words—forceful words? Many people are talkers—just talkers, that's all. Always talking and not saying anything. The charm of being able to talk is also in knowing when to keep still. When you have anything to say—say it in a simple direct way. A really good talker is an excellent listener. A windy talker is too busy talking to listen to anything but the sound of his own voice. The "gift of gab" is a wonderful talent—when it's used right, but it takes a lot of tact to control it. And not get the nickname of "windy." Does this apply to you?

AMERICAN AVIATORS ARE IN TRAINING AROUND LONDON

(Associated Press Correspondence)
London, October 15.—Several detachments of American soldiers in training for aviation work are now located at airfields within the confines of Greater London, and are seen during their leisure hours sightseeing about the city or doing their shopping along Regent Street, Bond Street, or in the shops around Oxford Circus.

To the British eye, the notable difference between the Americans in training and the British squads along side them, is a somewhat more democratic flavor in the American ranks. In one American camp, the spirit of self-government is carried so far that no commissioned officer is on duty there at present, the detachment being under the command of a senior non-commissioned officer. He is commonly called "Sergeant-Major" about the camp, although his correct title, which suggests the Navy rather than the army is, Master Signaling Electrician.

When the United States came into the war, this officer was in charge of a group of men on constructional work in the United States. The men under him have been recruited chiefly from automobile factories, with a sprinkling of young collegians. The squad is at present devoting its time to learning the construction of an air plane. The men are at times a little impatient about the deliberate methods of the English instructors, and would rather have a little less theory and a little more practice. But they know that the practice is only a matter of a few weeks now.

In the matter of discipline, the Americans are a little less observant of the letter of the law than the British recruits. "For instance," said one, "we temper custom with judgment. If an officer looks as if he was tired of raising his arms we don't bother him. We don't go around the streets saluting."

HE CURED CHRONIC COLD WITH VINOL

Mr. Bagley's Letter Printed Here as Proof

Dunn, N. C.—"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time."—J. C. Bagley, Dunn, N. C.

That's because Vinol is a constitutional cod liver and iron remedy which aids digestion, enriches the blood and creates strength. Then chronic coughs and colds naturally disappear. Your money will be returned if it does not help you.

RESCUE MISSION DESTROYED BY FIRE

Paterson, N. J., Nov. 5.—Eighteen bodies have been recovered from the ruins of the Salvation army rescue mission, which was destroyed by fire. Ten men were taken to hospitals with probably mortal injuries and many others were less seriously hurt in leaping from windows of the burning structure.

There were 85 men asleep in the mission when the flames started in an old frame building adjoining the main structure, used for storing magazines and newspapers.

Arrival of fire apparatus was delayed through confusion in turning in a proper alarm and the entire building was ablaze when the firemen reached it. Rapid spread of the flames made use of the only fire escape on the building impossible, and the lodgers, many of whom were old and crippled, were driven to windows, from which they leaped before firemen could catch them in nets.

Several of the elderly victims are believed to have been suffocated in their sleep and others who tried to reach the front entrance so impeded one another in their flight that they choked the passageway, where bodies were found huddled in a heap.

Eight of the dead thus far have been identified. It was reported that about 10 of the aged lodgers are missing, but as the cellar of the mission is flooded with water search for additional bodies is being retarded.

Those who slept on the third and fourth floors had no possible chance of escape other than by leaping into fire nets. With the fire escape and the interior stairway cut off by a steadily increasing volume of flame, the men flocked to windows, beseeching the crowds in the street below for help. One old man, crippled with rheumatism, tried to jump to a net and in falling struck the fire escape and was fatally hurt. The police and firemen were aided in spreading and holding the nets by many soldiers and sailors on leaves of absence from their posts.

WHO WILL BE CITY MANAGER

Who will be the city manager if the charter prepared by the Charter Commissioners and submitted to the electors is adopted tomorrow.

That question has served as the basis for many arguments, many misstatements and misunderstandings, since the campaign was launched.

It doesn't seem possible that men could, enter, seriously at this time, on a discussion of that sort. But they have done that very thing.

In the first place no one is in a position to know anything about who the city manager will be in the event the charter is adopted by the voters.

Under that instrument which is designed to be the basic law for the government of the city, the power is lodged in commissioners to be chosen after the charter is adopted and those commissioners are to employ a manager.

The voters must choose the commissioners to execute the charter and those commissioners have not yet been chosen.

One thing, however, seems to be clearly settled, judging by positive expression and that is that the framers of the charter had in mind that the city manager should come from outside the circle of all local influence. He should not only be free from and local influence but, he should be a man whom no one could even suspect of being influenced by local conditions—a man having no local business or social ties or affiliations which would exert any influence on his conduct—a man outside entirely.

That's what the framers of the charter had in mind—that's what they thought would be done and that's what they believe the commissioners, when chosen will do.

One of them announced emphatically that fact and seemed to be astonished that any one could have any other opinion.

And the framers of the charter are in better position than any one else to speak on that question at this time.

FOUR MORE MEN CERTIFIED BACK

Four additional men have been certified back by the District Board which held them for military service. These men are: Emil Willard Wilson, N. Fayette street; George Fremont Timberlake, R. D. 5, this city; Roy Purcell, Bloomington; and Edgar Alvin Manuel, city R. D. 6.

So far the Local Board has not received instructions as to when the next contingent will be sent from Fayette county. The next contingent will contain 14 men, which will bring the total number up to 55, Fayette's first quota.

At the present time there are quite a number of men available in addition to the fourteen to be sent, so that no further calls for examination will be necessary to fill the first quota.

PITT FITZGERALD IN CAMOUFLAGE CORPS

Sometime ago Pitt Fitzgerald, son of Mr. and Mrs. Harry Fitzgerald enlisted in the Camouflage department of service.

While Mr. Fitzgerald was awaiting his call he was drafted; and had expected to go to Camp Sherman, about the 15th of this month. Saturday night, he received word from the War Department at Washington, that it could take him in the branch of service in which he had earlier enlisted.

As yet the case of Mr. Fitzgerald has not been acted upon by the district board, but it is expected that the local board will take action soon.

In the Camouflage department, the work is to study the landscape, surroundings and the lay of the land for the purpose of concealing the guns, etc., so that the enemy can not detect them.

Mr. Fitzgerald graduated from the Academy of Fine Arts in Philadelphia, since then has been studying under the famous illustrator Mr. N. C. Wise at Chadds Ford Pa., and his study equips him to be of special service in this department.

PUBLIC RESPONDS TO UNUSUAL OPPORTUNITY

The Cecilians are finding the public eagerly responsive to their splendid concert course and quite a rivalry for tickets as the number is limited and many will be unable to secure them.

The opening concert, to be given by Miss Alma Beck on Wednesday night, is in itself sufficient inducement to make everyone want an associated membership ticket. Miss Beck has filled engagements throughout the United States, the most important being as soloist with the Cincinnati Orchestra; at Lowell (Mass.) Festival; at the Apollo Club, Chicago; Springfield (Mass.) May Festival and Festival, Evanston, Ill. She sang with Evan Williams in the Oratorio, Elijah, put on with the Chicago Symphony Orchestra.

Of her work in this Oratorio the Springfield (Mass.) Homestead says: "Miss Beck acquitted herself with distinction in the role which Mrs. Homer sang when 'Elijah' was last given. She possesses the requisite opulence of voice resource and her voice is

richly colored. She was able to infuse into it a tinge of grim foreboding in the intensely dramatic passages."

The Cecilians have decided to make up their course with four out of town concerts and one big popular Cecilian recital in February. There will also be a special recital each month given by the club.

MOTORCYCLE AND AUTOMOBILE COLLIDE

A. O. Needham, 35, of Dayton, was brought to the Fayette hospital Sunday afternoon, as result of a collision with J. M. Baker's automobile on the Jamestown pike. The man was unconscious for some time after he reached the hospital, but rallied later in the evening and was able to go to his home in Dayton.

The accident occurred a few miles northwest of this city and was indirectly due to crushed stone on the highway. The motorcycle was on the wrong side of the road and coming at a speed which indicated he would not be able to cross the crushed stone, and in endeavoring to give the motorcyclist room to pass, the car and motorcycle came together on the crushed stone. The motorcycle was wrecked and the automobile went into the ditch and through a fence, being damaged considerably. Fortunately the occupants of the automobile were not injured.

POSTPONED

The Stinson School of Music will postpone the Recital announced for Wednesday night until the following Wednesday night, November 14th owing to the Alma Beck concert.

LAKE ERIE DOING HER BIT IN WAR

By Associated Press Dispatch. Cleveland, O. November 5.—Lake Erie is "doing her bit." She is giving up larger catches of fish than any other time this season. The fall fishing season, which usually starts October 20, opened several days before that date this year, because of the cool weather. The first four tugs brought in six tons of fish.

THIS WOMAN'S HOUSEWORK IS NOT HARD NOW

Forced to Rest Frequently While Doing Duties Before She Took Tanlac and Improved Her Health.

Mrs. Mary E. Hall, 3818 East Stanton Avenue, New Boston, O., near Portsmouth, says she used to be so weak and run down that she had to sit down and rest often while doing her housework, but since she has been taking Tanlac she says she feels a great deal better.

"I was weak and run down all over," Mrs. Hall said. "I just felt tired out all the time and if I worked a little too hard I'd tremble all over and sometimes would have to sit down and rest. I was always tired out when night came and was glad it was time to go to bed. My appetite was very poor."

"I heard so many people talking about Tanlac that I decided to try it. Before half of the first bottle was gone I began feeling better and after taking all of the first bottle I felt fine. I eat a lot more now than I used to and really feel greatly improved."

"Yes, Tanlac is a fine medicine in my estimation and if it hadn't proved to be so I'd be just as much against it as I am for it now."

Get Tanlac if you are not feeling right and get it today. It has helped thousands of weakened men and women and it will do for you what it has done for others. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store, or C. S. Haver's drug store.

GERMANS PREPARING FOR THE BIG RETREAT

London, Nov. 5.—According to information received from Belgian sources, the Germans are systematically dismantling and destroying factories and workshops throughout Belgium. In the Liege district the blast furnaces have been taken down and the machinery and materials sent to Germany. At Ougree preparations have been made to pull down three blast furnaces and seven rolling mills have been removed. The same goes for many other places. It is suggested that the Germans are preparing for an early retreat in Belgium, similar to that which took place in France last spring.

Good housekeepers use Red Cross Ball Blue. Makes clothes clean and bright, like new. All grocers.

The War Board of Ohio Today Says:

The more potatoes you eat the less bread you will need and the more wheat we will save for our soldiers and our allies.

Potatoes, of course, contain a larger percentage of water than does bread, so that weight for weight, they are not equivalent to bread as a source of starch and energy.

One medium sized potato (six ounces) would supply about as much starch as two medium sized slices of bread (about two ounces). Five parts of potato are equal to one part of cereal in a mixed diet.

Therefore, those who make potatoes an important dish, safely can cut down the amount of light or hot bread, wheat mushes, or macaroni they eat at that meal, and yet supply their bodies with this important food-starch.

Housewives are urged to use potatoes plentifully at all meals as a substitute for wheat.

HOW TO REMEMBER OHIO BOYS NOW AT CAMP SHERIDAN

By Associated Press Dispatch. Columbus, O., November 5.—Final details of the plans whereby Governor James M. Cox is to play Santa Claus to the Ohio soldiers at Camp Sheridan, Montgomery, Ala., the state guaranteeing the delivery of every gift sent were announced today.

Colonel J. E. Gimpelring, assistant adjutant general, who is to be in charge of receiving the packages at Columbus and their delivery to the boys at Montgomery today outlined the plan as follows:

1. All packages must be sent to Columbus, express or parcel post charges prepaid and must reach Columbus by December 18.

2. From Columbus the packages will be taken to Montgomery and delivered to the soldiers to whom they are addressed. This will be done at the state's expense.

3. Tags for addressing the packages have been printed for distribution and must be used exclusively in order to guarantee delivery. These tags may be had by writing Colonel J. E. Gimpelring, Assistant Adjutant General, Columbus, Ohio.

4. Upon the tags are provided space for the name of the soldier to whom the package is to be sent, the number of his regiment and his company also the name of the sender and his or her address. Each tag bears a serial number. The sender keeps a stub from the tag as his receipt that it has been delivered to the express company. When the packages reach the soldier at Montgomery a form card will be signed by him to be returned to the original sender, showing that the gift has been received.

Local express companies have been given instructions as to the receipt and shipment of packages and, when properly addressed, have promised to get them to Columbus on the quickest possible time.

To prevent a repetition of last year's experience of confusion and delay when gifts were sent to boys who were then on the Mexican border, the state of Ohio this year assumes full responsibility for the delivery of every gift sent. But they must first be sent to Columbus which is to be the clearing house for all Christmas gifts addressed to Camp Sheridan.

The tags give full instruction as to shipment. No perishables can be sent.

CHINESE IMMIGRANTS TO GET ATTENTION

(Associated Press Correspondence) Manila, November 15. — Whether Chinese labor shall be imported to the Philippines to till the thousands of acres of farm land which now lie idle is the most important question which is expected to be fought out in the present session of the Philippine Congress. Chinese immigration is now limited by the exclusion act of the United States and any attempt to import Chinese in large numbers must have the consent of the administration at Washington before becoming effective.

The annual Farmers' Congress of the Philippines recently voted to favor Asiatic immigration. This means importation of Chinese since they are the only laborers available. Combating this movement on the part of the farmers, representatives of organized labor are preparing to make a strong fight in the insular legislature against letting down the bars to the Chinese.

CAMP SHERMAN LEADS

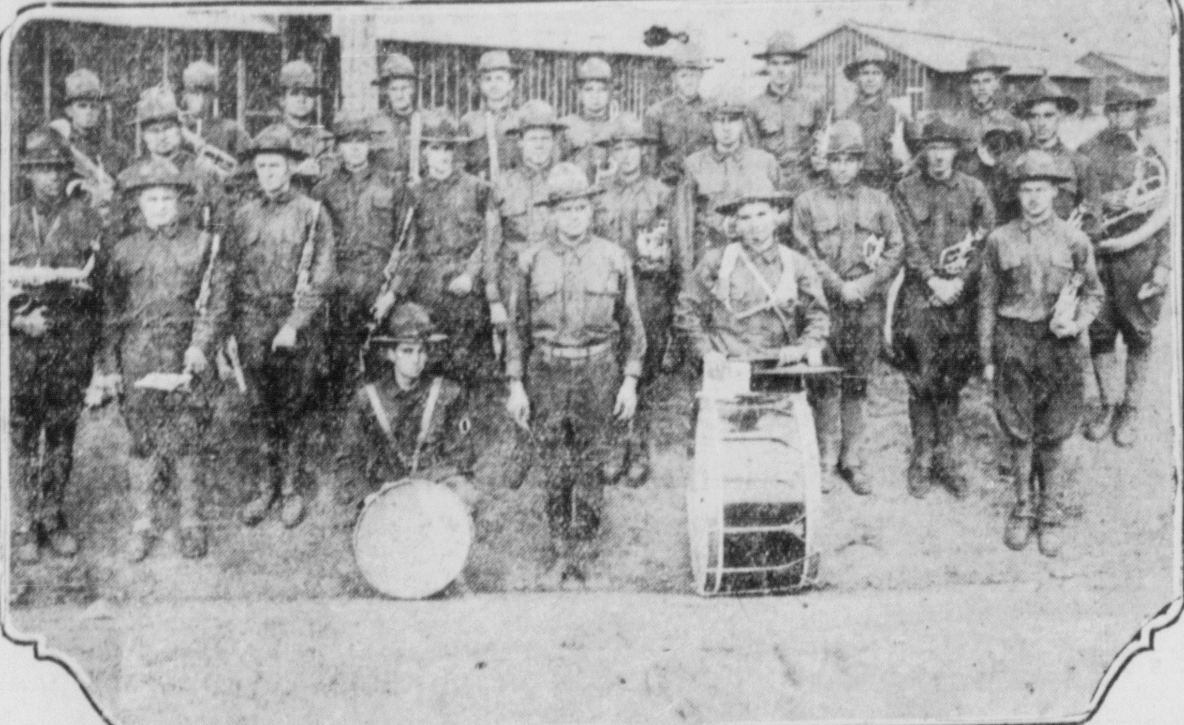

Washington, Nov. 5.—The American army has subscribed to \$89,273,650 worth of liberty bonds. It was announced by Colonel H. M. Lord, quartermaster corps, in charge of the army liberty loan campaign. Leading the 31 national army cantonments, the men at Camp Sherman, Chillicothe, subscribed to \$2,002,500. Camp Cody, Deming, N. M., led the national guard camps with \$2,300,800, with Camp Sheridan, where the Ohio militia is located, sixth, with \$1,500,000.

SARFIELD OF WILLIAMS END

BIG PREPARATIONS

Dayton, O., November 3.—That preparations for the patriotic homecoming of the boys from Camp Sheridan are assuming a magnitude that guarantees the attendance of over 30,000 people at the Montgomery county fair grounds on Saturday, November 10, is evidenced by the fact that inquiry is being made by leading citizens throughout the 12 counties in the Dayton district as to full details of the big celebration, the inquiries being accompanied by offers of assistance in any way possible in carrying out the chief purpose of the big affair—that of showing our boys in Ohio's big army that they are not forgotten.

PREPARING TO HANDLE ENORMOUS XMAS MAILS THIS SEASON

Chicago, November 2.—The Postoffice Department and the railroads are co-operating in plans for the prompt handling of an enormous increase in Christmas parcels sent by mail, in addition to those sent by express.

Otto Praeger, Second Assistant Postmaster General, and W. I. Denning, General Superintendent of the Railway Mail Service, have held a conference here with the superintendents of railway mail service in the fifteen divisions covering the United States. A general plan, embracing many new features, was adopted for expediting the holiday mail service.

Before returning to Washington, Second Assistant Postmaster General Praeger issued this statement to the public:

"The Christmas season this year will have an added interest for the American people. There will be the usual seasonal greetings and remembrances at home, and in addition there will be messages and remembrances to perhaps 2,000,000 men in the Army abroad and in the cantonments in this country. The Postoffice Department will be called upon to handle practically two Christmas mailings—one on November 15th, for the troops in France, and the sailors with the fleet in European waters. The second will be the usual heavy Christmas movements for the homes, and this year, in addition, for the cantonments.

"This 'double Christmas' will devolve a great burden on the transportation systems of the country; and considering the heavy demands imposed upon the railroads by these conditions it becomes the patriotic duty of every citizen to ease the burden of transportation by mailing Christmas packages early. A week's leeway for the regular Christmas mailing is not too great, in view of the heavy pressure on all transportation lines. The railroads of the country are making sacrifices and have announced the fullest co-operation with the Postoffice Department in handling this year's mailings; and the Postoffice Department trusts that the public will meet this commendable spirit by not delaying the mailing of Christmas remembrances until the last moment.

"I am particularly interested in impressing upon the public the necessity of mailing Christmas gifts to soldiers in France before the 15th of November—in fact parcels mailed after that date cannot be expected to reach the soldiers at the front until long after Christmas has passed. About November 10 would be the most helpful date to admit of the prompt dispatch of Christmas mails being made—November 14 and 15 being the last chance to get parcels to the men who are lining up under Pershing for the big war drive.

WAR PROGRAM TO BE PUT ON

Speaker just from western front. Third State Adult Bible Class Convention to meet in Norwood. November 15, 16, 1917.

Great preparation is being made to make the Third Convention of The Ohio Adult Bible Class Federation eclipse the second, which was the greatest ever held on the Continent. Plans to carry out the Sunday School War Council's Program will be made.

Prof. E. O. Sellers, of Chicago, just back from the Western Front in France will be present and relate his experiences.

A Mammoth Men's Street Demonstration will be put on.

Great specialists will speak, among them Mr. W. C. Pearce, of Chicago, Mr. W. D. Stem, of Iowa, an Ohio man, and Dr. B. F. Rhoads of Pennsylvania.

Norwood, a suburb of Cincinnati is making great preparation to care for the Convention. Every Adult Class is entitled to two delegates. Norwood will give all delegates lodging and breakfast free.

Just preceding the Convention, eight, one day Adult Rallies will be held, at which there is no limitations as to delegation. Only afternoon and night sessions will be held. The dates and cities are as follows:

Wednesday, Nov. 7, Athens, Christian Church.

Thursday, Nov. 8, Marietta, First Congregational Church.

Friday, Nov. 9, Zanesville, Central Presbyterian Church.

Saturday, Nov. 10, Coshocton, First Presbyterian Church.

Sunday, Nov. 11, Canton, First Christian Church.

Monday, Nov. 12, Lorain, First Methodist Episcopal Church.

Tuesday, Nov. 13, Wauseon, Methodist Episcopal Church.

Wednesday, Nov. 14, Columbus Grove, Methodist Episcopal Church.

Delegates credential application blanks may be had by addressing County Association, Secretary, Ruth Mark.

THE OPERATORS DEFY FUEL CONTROLLER

Washington, Nov. 5.—Southwestern coal miners' representatives defied Fuel Administrator Garfield and refused to agree to the insertion in a new wage contract of provisions penalizing strikes and lockouts. After a secret meeting the miners abruptly broke off negotiations with Dr. Garfield and operators' representatives left for their homes, announcing they would call a general convention of southwestern miners in Kansas City Nov. 12 to discuss the situation.

Fuel administration officials see possibilities that the situation may develop seriously. Sixty mines now are idle in Kansas and miners throughout the four states involved—Kansas, Oklahoma, Arkansas and Missouri—are threatening to strike unless they are given immediate wage increases. No contracts granting wage increases will be approved by the government, Dr. Garfield insists, unless penalty clauses are inserted.

MAN WHO BLINDED ROOSEVELT'S EYE

HARTMAN THEATER (COLUMBUS)

Tuesday and Wednesday, November 13 and 14, Matinee Wednesday. "VERY GOOD EDDIE."

Elizabeth Marbury and F. Ray Comstock will present their popular musical comedy success "Very Good Eddie" at the Hartman Theater, Columbus, on Tuesday and Wednesday nights and Wednesday matinee, November 13 and 14. The engagement has been looked forward to with pleasure since its first appearance here last season, for never has any musical show met with a more enthusiastic welcome.

The cast to be seen at the Hartman this year is even better than last for many of the original players have been added to company. The list of principals includes such names as Denman Maley, George Mack, Harry Meyers, Florence Earle, Helen Raymond, Theodora Warfield, Lavinia Wain, Harry Linkey, Jean DeBriac, Elsie Ford, Ralph O'Brien and the original Princess Theater fashion chorus. The music of "Very Good Eddie" is especially tuneful, and stage settings and costumes all will be new and

gorgeous. Mail orders are being received now.

IMMEDIATE ACTION NECESSARY TO SEND CHRISTMAS BOXES

If Fayette county soldiers in France are to receive a Christmas box, or boxes from friends in this city and

county, immediate action is necessary to insure delivery of the shipment by Christmas.

Last year Company M boys were on the Mexican border, and a big shipment of presents was sent from this city, friends and relatives of the men uniting in a generous remembrance of the men.

This year the men will be in France and in much greater need of something to cheer them and bring gladness to them at the time when their hearts will be turning most toward home and loved ones.

To insure delivery of the shipment it should be sent not later than November 15th and concerted action is necessary to do this.

Last year the Dutch Treat Club fathered the shipment and paid the expressage. Unless the new organization is effected this week and takes up the matter, it will be necessary for other action in order to send the shipment to the Fayette county troops in France.

ONLY DATE OPEN TO NOTED CONCERT CO.

Superintendent McClain has received word from Wilkesbarre, Pa., that the Samoloff Concert which the High School Glee Clubs are bringing to this city Saturday night, drew a packed house and was most enthusiastically received.

Superintendent McClain regrets that an attraction so extraordinary comes on Saturday night, when so many will be unable to attend, but this was the only date open and it was only by rare good fortune that such a company could be gotten here at all.

Leonid Samoloff, the noted tenor, is said by the New York World to have "a voice more nearly like Caruso than any heretofore heard in this city."

Miss Bertha Farnar, a California girl of great personal beauty, who has sung repeatedly in Paris, London, Brussels and Cologne, is also a star of the first magnitude. The Vancouver World says of Miss Farnar: "Vancouver has boasted that it has heard some of the finest operatic singers on the continent, but few have been superior to Miss Farnar."

Miss Lillian Scheinkman, violinist, won scholarships in Baltimore and New York, and studied at the Institute of Musical Art under the great cellist, Willem Willeke.

Mr. S. Scheinkman is a finished pianist and accompanist.

Superintendent McClain felt that the chance to bring these artists to Washington was too good to lose even though it must be on Saturday night.

The Dry Man Who Neglects to Vote Helps the Saloons Stay in Ohio

There is no longer any doubt that the Dry Men have a clear majority in Ohio to day and the saloons will be driven out of the state if the entire dry vote is cast

NEXT TUESDAY

YOUR VOTE is vitally necessary to Dry Success. Vote early and urge your neighbors to go with you

TO THE DOUBTFUL VOTER

To get rid of our Ohio Saloons means more coal, more food, more clothing, more war supplies and, consequently, a shorter war.

Do Your Bit Vote Them Out

To the Wet Man

You owe the saloons nothing whatever, all they want is your money. Even now they are lying to you to get your vote.

If you feel that you can't vote dry Tuesday you can still help your country in a desperate war by not voting either way on prohibition.

VICTORY FOR ALL SAY MANAGERS

(By American Press)

Columbus, Nov. 5.—Ohio will conduct an interesting election tomorrow. Eyes of the country are centered on the Buckeye state on account of the prohibition and suffrage fights.

Two state issues, prohibition and suffrage, are before voters for the third time. Victory is claimed by managers on each side. The wet and dry issue is before the voters by initiative petition by the dries. If the prohibition amendment to the constitution carries, it will be effective a year and three months after Tuesday. The suffrage contest this year differs from previous ones in being a popular referendum on a bill passed by the general assembly, instead of being a constitutional amendment. Also, the issue is over presidential suffrage only, instead of full suffrage rights. Except for these two state issues, the election will be municipal and township.

James A. White, superintendent of the Ohio Anti-Saloon league, said: "On the basis of actual sentiment, Ohio is dry today. In the firm conviction of this truth, the Ohio Dry Federation has conducted its campaign this year with a view to perfecting an organization which would get this vote to the ballot box. With every vote in the boxes, Ohio will go dry. Our efforts will not be relaxed until the polls close and the ballots are counted on Tuesday. I believe Ohio will vote dry by not less than 50,000 majority."

L. H. Gibson, manager of the Ohio Home Rule association, made this statement: "With reports from every county in the state before me, it is apparent that 'bone-dry' prohibition will be defeated by the voters of Tuesday by a majority approximating 200,000. Ohio, in two state-wide prohibition fights, those of 1914 and 1915, when 'bone-dry' was not the issue, overwhelmingly defeated prohibition, proving that Ohio was not even enamored of prohibition of the 'jug variety'. The laboring men, business men and manufacturers, already heavily taxed, will, from our reports throughout the state, be unwilling to assume heavier tax burdens at the behest of the 'dry' agitators."

Suffrage Predictions.

The Ohio Association opposed to woman suffrage issued a statement declaring the voters will defeat the presidential suffrage law. On the other hand Mrs. Harriet Taylor Up-ton, president of the Ohio Woman Suffrage association, says: "A majority of Ohio voters are for equal suffrage. If our friends come to the polls tomorrow, we will win."

In several of the larger cities of the state the situation is complicated and as a result the Socialists expect to poll a heavy vote.

The Socialist candidate for mayor of Cleveland is C. E. Ruthenberg, who has been repeatedly under arrest by the federal authorities since the war began for seditious utterances.

Herbert S. Bigelow is not a candidate on the Socialist ticket in Cincinnati, but he dominated the campaign, doing more work for the party than any other one man in the campaign.

In Toledo, because of a balling-up of the ballot under conditions that cannot be relieved by law, the Republican candidate dying, the Republicans have the alternative of supporting either the Democrat nominee for that office or a Socialist, or writing in the name of some member of their own party.

In Canton the Republican candidate for mayor, A. W. Oberlin, disappeared immediately after his nomination and has never been heard from. His place on the ticket was never filled. In Dayton the Democratic organization supported by Governor Cox insisted on putting up a straight Democratic ticket for city commissioners. This ticket is standing against the present commissioners, originally selected independently and nominated by the general public. The Socialists have their own ticket, of course, and

with much satisfaction in both the old parties over their tickets the political leaders very much fear that the city may fall into the hands of the Socialists as the result.

At Columbus minor city officials will be elected.

PENNSY EMPLOYEES SUBSCRIBE LIBERALLY

Returns which have been compiled from all portions of the Pennsylvania Railroad System, including the Lines East and West of Pittsburgh, show that a total of 122,456 employees subscribed to the Second Liberty Loan, taking altogether \$9,051,700.

On the Lines East of Pittsburgh, 77,273 individual subscriptions were recorded for a total of \$5,689,700. On the Lines West, 45,183 employees subscribed for \$3,362,000 worth of bonds.

As the Pennsylvania Railroad Company, the parent corporation of the System subscribed on its own account for \$10,000,000 of the Second Liberty Loan, the total subscriptions, for the Company and for the employees of the System, amounted to \$19,051,700.

Nailing a Lie--Cold

We have read letters from Chalmers Distributors in which they have stated that competitors were saying to present owners of Chalmers cars and to prospective buyers, generally, that the manufacture of Chalmers cars would be discontinued.

There are thirty (30) automobile companies recognized by the general trade that manufacture and sell Touring Cars and Roadsters at retail prices between \$1,100 and \$1,500. We haven't heard that all of these companies, or any one of them, were going to discontinue production, or quit business. Why, then, should the Chalmers with a better car than many others in this class of 30 manufactures stop production?

We make a prophecy, and will authorize our Distributors to back it up with \$200,000 of our money; that the Chalmers Company under the Maxwell management, will stand ahead of 15 of these companies in production in 1918, and the Chalmers Company will stand ahead of 20 of these companies in production in 1919. This doesn't look as though we expected to discontinue making Chalmers Cars.

The reason some people are trying to disturb the present Chalmers owners is to scare them about service so as to get a better "trade in" on their Chalmers.

The reason for circulating such a story generally would be to prevent the prospective purchaser from inspecting a Chalmers Car, because if a prospective buyer of an automobile will look at and ride in the present Chalmers Models he will be very apt to buy one. It is the best car selling at \$1,365 we know of.

This is one reason why Chalmers Cars will continue to be made, not only in 1918, but in 1919, 1920 and other years.

Another reason is that the Maxwell organization has told the general public that Chalmers Cars would be produced in larger quantities than ever before and we have a way of making good with the public on sales and production.

FIRST AMERICAN CASUALTY LIST

(By American Press)

Washington, Nov. 5.—Armed forces under the American flag have had their first clash with German soldiers in an attack which the Germans made on first-line trenches where the United States troops had been taken for instruction, and three Americans were killed, five wounded and 12 captured or missing.

The war department made this known on receipt of a dispatch from General Pershing showing that the German forces, soon after learning of the position of the new enemy from overseas, had launched a desperate effort to overcome them. The Teuton attack came in the form of a heavy barrage fire which isolated a salient of the American trench, and apparently left a small force at the mercy of the enemies. That the American soldiers fought gamely is shown by Pershing's report of a prisoner taken by them. How some of his troops escaped, bringing this German back with them, is not told in the brief dispatch of the American commander.

The United States troops were taken in charge by veteran French soldiers to a quiet portion of the line. Dispatches for the past few days have been telling of artillery actions somewhat above "normal," but still not of anything like the furious fire on other

portions of the front. On yesterday a rather cryptic Berlin official announcement told of "North American" prisoners being brought in, and this is taken here to refer to the soldiers whom General Pershing's dispatch says are captured or missing.

LACKEY'S SALE IS A DECIDED SUCCESS

The annual sale of Big Type Poland China hogs, held by J. H. Lackey, near Jamestown, a few days ago, and which was attended by many Fayette breeders, was a decided success, the average being \$76.60, while 25 gilts averaged \$84.40. All of the hogs were spring pigs.
